Wedding Photography Services

ENGAGEMENT sessions are often photographed 6-12 months prior to the wedding. Many couples use photos from this session for Save-The-Dates, guest sign-in books or framed art for the wedding day. The session includes approximately 60-90 minutes of actual photography time with up to 2 outfit changes and 50-75 finished images. All finished images include retouching and color correction, an online photo gallery and a digital download with copyright release. Engaged sessions will be photographed by Rachel and she will schedule some time with you to chat and get and get comfortable with you prior to the actual session beginning. The full session time will take approximately 2 hours.

THEREAFTER sessions can be scheduled post wedding up to 6 months. Many couples opt for a **THEREAFTER** session to allow more time for creative couple photos in their bridal attire. The time includes 60-90 minutes. Approximately 50-75 finished images. All finished images will include retouching and color correction as well as a personalized online photo gallery with a digital download and copyright release.

BRIDAL sessions can be scheduled before or after the wedding day. The time includes 60-90 minutes of photography time. The **BRIDAL** session can take place at a different location other than the ceremony site. You will receive approximately 50-75 finished images which will include retouching and color correction as well as a personalized online photo gallery with a digital download and copyright release.

*'The Sun had an argument with the North
Wind. Who was Smarter? Stronger?*

*The North Wind pointed out
a man walking down the street.*

*"I can make that man
take his coat off and you can't."*

"I'll take that bet," said the Sun.

The North Wind blew and the more...

*...that wind blew, the tighter that
man held that coat around himself.*

And then the Sun...

...came out and smiled...

...and it became warmer, and...

...the man took off his coat."
