Additional fees will apply for events scheduled on or near major holidays.

Wedding Photography Services

ENGAGEMENT sessions are often photographed 6-12 months prior to the wedding. Many couples use photos from this session for Save-The-Dates, sign-in books or framed art for the wedding day. The session includes approximately 60-90 minutes of actual photography time with up to 2 outfit changes and 50-75 finished images. All finished images include retouching and color correction, an online photo gallery and a digital download with copyright release. The full session time will take approximately 2 - 2.5 hours.

BRIDAL sessions can be scheduled before or after the wedding day. "Bridal" portraits are a long standing Southern tradition in many areas and can take a lot of pressure off of the bride come the wedding day; as you know you've already got timeless photos. The time includes 60-90 minutes of photography time. Approximately 50-75 finished images. All finished images will include retouching and color correction as well as a personalized online photo gallery with a digital download and copyright release.
